ADAMS' CONTROL **BRINGS SUCCESS**

Remarkable Comeback of Veteran Is Due to Control

Charles "Babe" Adams, the veecan Firste hurler, is the oldest pitcher in the major league today in point of years of steady playing und age. Despite his age he is ill years old—he seems to be im-proving with each year of playing. for he shows more central of the ball as one season laps the other. * For instance, last year he took part in 35 games, pitched 263 in nings and permitted only 18 bases on balls, a little over one half a pustper game, v 'Old Man Control,' as he is referred to around the big circuit, faced 1,935 batamen during the scason and permitted only one in every 58 to get to first base by the pass route. Even this was an improvement upon the previous year when he pitched to 1.917 batters and walked 23. This is a record of 41 passes in two years or less than many a pitcher has for only half a

Not even Christy Mathewson in his best days made such a contro-record as Adams holds. And Bis Six was known as the greatest of all in controlling the spheroid. Only one during the entire season did Adams show any wildness at all. This was against the Giants when he

was having an off day. He per-indited three passes, one-sixth of his otal for the entire year. Adams's control and his knowldge of opposin- batters made him

one of the most valuable pitchers in the National league. He ranked next to Grover Cleveland Alexander in efficiency, allowing only 2.12 carned runs per game.

Pack in 1909 Adams, amost single-handed, won the world's so ries for Pittsburgh, heating the Tigers in three games.

In 1809 Adams, besides his other achievements, also was high man for shutouts with eight to his credit. Abxander was second with seven.

PONCA CITY, Feb. 3.—With the arrest here, during the past week of Eddle Block of Herrington, Ran., on a burglary charge, it is believed that a system of framing wrestling bouts in southern Kansas and northern Oklahoma towns has been uncovered. The information thus far obtained comes from a leter that was in Block's possession when arrested. It was signed by "Eddle Shull, Muwane, Kan." Block has been taken to Arkansas City, Kan., and is being held in jail there because unable to give \$500 bond.

The arrest of Block was caused by Mrs. Oris Hurst, wife of an Arkansas City harber. She called a Santa Fo railroad special officer and pointing to Block on the station platform here said: "That man is wearing my husband's elothea." Block was arrested and found to be wearing a suit of clathes, silk shirt, shoes and other wearing apparel belonging to Hurst.

According to Block's statement

According to Block's statement, he has taken part in numerous houts in Kansas towns, particularly around Herrington, and more recently has participated in American Legion bouts at Arkansas City. His hast match was with Eddie Shall at Mulvane, Kan., on January 14, at which time it is alleged that thock wrestled under the name of "Everett McGowan of Newkirk, Okla." The letter from Shull to Block made it appear that it had been decided in advance that Block was to lose the first fall in 30 minutes, that Shull would pinch him when he got ready for Block to lose. The letter says also: "We will have to work pretty fast and use lots of speed and get a little rough once in awhile to make it look good.". It is said that Block lost to Shull at Mulvane in scheduled time. The return bout at Arkansas City was never arranged. Block weighs about 145 pounds.
